Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidelines and in compliance with Monsanto’s Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. The product has been approved for import into key export markets with mandatory regulatory actions. Any major changes outside of the product category are anticipated to be minimal, in-stated, national/ regional regulations. This product has been approved for use in Canada, Brazil, Argentina, and Singapore. Additional approvals may be pending. Any limitations of natural and international seed laws may exist. Should this product access additional countries, it may be subject to government application. Monsanto does not store or ship any herbicide products. Growers should follow the same standards of product and crop performance to determine the best product for their field. Excellence Through Stewardship® is a registered trademark of Monsanto Company. Always read and follow directions for use on pesticide labels. It is a violation of Federal and State Law to use any pesticide product other than in accordance with its labeling. NOT ALL FORMULATIONS OF GLYPHOSATE OR GLYPHOSATE-BASED HERBICIDES ARE APPROVED FOR IN-CROP USE WITH ROUNPREADY® 2 BROADLEAF SEEDS. ALWAYS READ AND FOLLOW ALL INSTRUCTIONS ON THE LABEL. USE ONLY IN- CROP HERBICIDES APPROVED FOR IN-CROP USE WITH ROUNPREADY® 2 BROADLEAF SEEDS. MONSANTO TECHNOLOGY AND HERBICIDES MAY NOT BE AVAILABLE IN ALL COUNTRIES. Contact the U.S. EPA and your state's pesticide regulatory agency for any questions about the approved status of glyphosate herbicide products for in-crop use with Roundup Ready® 2 Broadleaf soybeans.

Roundup Ready® 2 Broadleaf soybeans contain genes that confer tolerance to glyphosate and dicamba. glyphosate will kill crops that are not tolerant to glyphosate. Dicamba will kill crops that are not tolerant to dicamba. label instructions will vary depending on the crop type and traits. Contact your Monsanto dealer or state tolerances. This is a guide for non-tolerant weed control programs.

Roundup Technology® includes Monsanto's glyphosate-based herbicides and technologies. Individual results may vary. Performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Grower should evaluate this product under various conditions and years before making a purchase decision. Always read and follow all directions for use of this product.

Always read and follow pesticide label directions. Do not use with other herbicides, including glufosinate, background herbicides. Tolerant® MA 66T, Basta®, LibertyLink®, and LibertyLink® Ultra Herbicide are not registered for all states and may be subject to state restrictions. Dual® and Reflect® are registered trademarks of Bayer CropScience AG, a member of the BASF group. Crystal® and Heat® are registered trademarks of Dow AgroSciences LLC. Roundup® and Roundup Ready® are registered trademarks of Monsanto Company. Roundup Ultra is a trademark of BASF CropScience. All other trademarks are the property of their respective owners.
